All those times before  
When I was just another face  
Among the others  
Keeping secrets to save myself

I could blend into the background  
And savor the unknown  
I could practice preservation  
And hide behind this shell

But my God's unleashed  
On a world that is falling down  
My call is a beast that will not  
Let me give up now  
I know I'm all or nothing

Giving my illation  
A little something to relax  
All the others and decisions  
Will make me go mad

There's no time to hear the arguments  
Or simply close my eyes  
I believe this confrontation  
Deserves my full attention

When my God's unleashed on a world  
That is falling down  
My call is a beast that will not  
Let me give up now  
I know I'm all or nothing  
I'm all or nothing

(Solo: Josh)

I can see why nothing has happened  
Promises strain  
I'm writing this down as I run  
Take all the examples  
And what have I learned?  
Nothing can heal you  
And everything burns!

My God's unleashed on a world  
That is falling down  
My call is a beast that will not  
Let me give up now  
I'm all or nothing  
I'm all or nothing  
Nothing  
Nothing  
Nothing  
Nothing
