"Saturday Morning"

Telephones and broken bones, it's all I need
Holding on to hold my own, it's a whole new me
There's a girl who has a girlfriend, it never ends
Cuz Friday night is Saturday morning, and here we go
again

I get up, I get out
I can shake, I can shout
I can laugh till I die, but I can't say goodbye to you

It can't be all that bad
You can't go on like that

I don't know, that I don't know, I'm in denial
Wear and tear is just for show, at least I can smile
I'm gaining weight, and ground, and conscious, the
ego mends
Cuz Friday night is Saturday morning, and here we go
again

I am up, I am down, I am lost in crowd
I can run till I die, but I can't say goodbye to you

It can't be all that bad, you can't go on like that
Remember me when all your dreams turn back
Remember me when you can't go on like that
Can't go on like that

I belong, I believe, I am blind when I see
I can live till I die, but I can't say goodbye to you

It can't be all that bad, you can't go on like that
Remember me when all your dreams turn back
Remember me when you can't go on like that
Can't go on like that
