I remember now but I still have my doubts  
I think it's gonna be today  
Everybody came but it's just not the same  
Why did it have to be today?

Now my chest is tight, no, I am not all right  
It doesn't have to be this way  
Why does it have to be this way?

I don't know what's wrong  
It's like I'm too far gone  
It doesn't matter anyway

Fear is in my heart  
Just when I stop, it starts  
And I can never live this way

Freedom in a cage, no sun and too much rage  
I don't know how much I can take  
(I don't know how much I can take)  
Push it down inside but it knows just where I hide  
I know that normal's hard to fake  
(I know that normal's hard to fake)

Bleeding into life, it's like a thousand knives  
Are slowly turning me into this  
(Slowly turning me into this)  
Why does it have to be like this?

I don't know what's wrong  
It's like I'm too far gone  
It doesn't matter anyway

Fear is in my heart  
Just when I stop, it starts  
And I can never live this way

I don't know what's wrong  
It's like I'm too far gone  
It doesn't matter anyway

Fear is in my heart

Just when I stop, it starts  
And I can never live this way

I lost again today  
I lost again today  
(I lost again today)  
I lost again  
(I lost again today)

I don't know what's wrong  
It's like I'm too far gone  
It doesn't matter anyway

Fear is in my heart  
Just when I stop, it starts  
And I can never live this way

Living with a curse  
Sometimes it's even worse  
It slowly kills me everyday

Something I despise  
Is gonna take my life  
I guess I'll try again today
