Have I ever laid a hand on you?
Have I ever made you see the truth?
Don't you ever say I never cared
Don't you ever say I never cared

That's Ridiculous
That's Ridiculous
That's Ridiculous

Have I ever made a fool of you?
Did I ever make you look at me?
Don't you ever say I was never there
Don't you ever say I was never there

That's Ridiculous
That's Ridiculous
That's Ridiculous

Have I ever made you shout at me?
Did I ever take advantage?
Don't you ever bad mouth me
Don't you ever bad mouth me

That's Ridiculous
That's Ridiculous
That's Ridiculous

You can't hold me
