What a waste of life this is
Every altercation I permit
Is like a quiet sigh from a man
Resigned to a place that was never his

And the hours are long
Even in a world where I belong
Every second stays, every minute
Counts against my sentence

I fall, I had to let you go

What I tried to accomplish died
Every offer of faith I had to fight
And a dream unfolds, the moon is cold
Because the sun left early

And the days go by
Even when my conscience just won't try
Every week decays, every mouth is rotten
I am forgotten

I fall, I had to let you go
I fall, my mind is all I know
I fall, the table turns to dust
I fall, today, I let go of my trust

What a waste of a time I am
Every ounce of life is just dead flesh
I can't forget but then again
You can't let me remember

When I try to speak
Every word I say comes out so bleak
I don't want this, I don't want you
But I don't want anyone
I don't want anyone

I fall, I had to let you go
I fall, my mind is all I know
I fall, the table turns to dust
I fall, today, I let go of my trust

I let go of my trust
I let go of my trust
I let go of my trust
I let go of my trust
(Let go of my trust)
I let go of my trust
(Of my trust)

I let go of my trust
(Of my trust)
I let go of my trust
(Of my trust)
I let go of my trust
(Of my trust)
I let go of my trust

I let go of my trust
(Of my trust)
I let go of my trust
I let go of my trust
(Let go of my trust)
