

# Stone Sour "Tired"

Visit "[Tired](#)" on MotoLyrics.com

I'm alive in here  
So alive in here  
Pulling down a little peace  
I'm open wide in here  
Slow to rise in here  
Saving grace and killing me

You say this only makes me incomplete  
I'm cancelled out and rendered obsolete  
Tell the Machiavellian he's not welcome anymore  
I know what I'm looking for

Somewhere close!  
Somewhere safe!  
Somewhere I know, I know, I'll never live in chains  
The one, is now aware, so stay away from me  
I'm just too young to care!

I can see in here  
And I can feel in here  
Comatose with common sense  
I take my time in here  
Somebody get me out of here  
What am I so against?

I just wanna watch the whole world burn  
Lost a million times and I won't learn  
Show me someone innocent  
I'll show you there's no proof  
I may be gullible but I'm no fool

I'm not close  
I'm not safe  
I don't know, dunno, am I better off in chains?  
The one, is not aware, so stay away from me  
I'm just too young to care

(Solo: Jim)

I need somewhere close!  
Somewhere safe  
Somewhere I know, I know, I'll never live in chains

The one, is now aware, so stay away from me  
I'm just too young to care  
Oh, oh  
Too young to care!  
Oh, oh!
