While my hands are tied behind my back
You save the best and put me last
I've given up on giving you my heart
I fuckin hate it
I waited
Think about the times we faked it
And realize that we tore this place apart

But there's no reply from you
No matter what I do
I'll never get away from you
We're not finished

With my fingers crossed behind my back
I let your words slip through my cracks
This person you perceived is dead and gone
I fuckin hate it
You're Jaded
We can scream for the hell we created
But this time I won't let you get me wrong

Cuz there's no reply from you
No matter what I do
I'll never get away from you
There's just no reply from you
No matter what I do
I'll never get away from you

Oh, you wanna hurt me
before I go you wanna break me down
But you'll never hear me
you'll never feel the way I feel
We're not finished here

'Cause there's no reply from you
No matter what I do
I'll never get away from you
There's just no reply from you
No matter what I do
I'll never get away from you
