My friend Blue he runs the show
With hot pink purple china glow
His family trees are molded
No longer grows in summer
He holds it closer lets it go
Picks a fruit but keeps it whole
Can't keep the submarining
Can't keep the light from fading
Grab the hate and drown it out
Grab the beat and drum it out
It's all so confusing
Have a listen lend an ear
Here's a song now if ya care
We can all just hum along
Word's don't matter anymore
Adhesive love adhesive
Ain't the same for you and me
Cartoons like reality dogs and cats and children
The deepest wound is hidden
Ain't the same for you and me
Comatose commodity the superheroes dyin'

All the children cryin'

Sell more records if I'm dead

Purple flowers once again

Hope it's sooner. Hope it's near corporate records'
fiscal year

Down the river, down the river

Flyin' high across the plain

Purple flowers ease the pain

Here, now have a listen

Ain't the songs you're missin'

Down the river, down the river

Stitch the womb and wet the bed with a whisper I'll be
dead

Don't let the living die yet! Grab the hate...

Drown it out. Grab the beat...

Drum it out. It's all so confusing

Adhesive love Adhesive
