Lovely disguise, read between the lines
You rock the magic plane with no abbreviation
Read what you say and what you bought
And there ain't no magic pen to get back what you lost

I like it when we talk about love
I like it when you talk about love
You always were my favorite drug
Even when we used to take drugs

Even when we used to take
Even when we used to take
Even when we used to take
Even when we used to take

Penguins don't fly, crocodile Sunday smile
Really love to fish, but don't like super-fishy people
Shoe store, heard it all before
From pearly whites to pearly gates, what do we have to
argue 'bout?

I like it when we talk about love
I like it when you talk about love
You always were my favorite drug
Even when we used to take drugs

Even when we used to take
Even when we used to take
Even when we used to take
Even when we used to take

Leaving out a note for, get out of the way
You never did what you was told, get out of the way
Seems we're playing tug-of-war, get out of the way
The lesson big is listen more, get out of the way

Lovely disguise, read between the lines
You rock the magic plain, no abbreviation
Read what you say and what you bought
And there ain't no magic pen to get back what you lost

I like it when we talk about love

I like it when you talk about love
You always were my favorite shrub
Even when we used to take drugs

Even when we used to take, used to take
Even when we used to take, t-t-take
Even when we used to take, used to take
Even when we used to take, t-t-take

Used to take
