When you're fed up and lonely
And nothing else seems to matter really
I'll be here waiting for the
Black cloud to leave you
I'll be here to hold your hand
When you're tired and lonely

She can't eat
She can't sleep
She's not well
She can't breathe
She's in bed
She's in hell

She can't eat
She can't sleep
She's not well
She can't breathe
She's in bed
She's in hell

But she'll never
Really be alone
As long as I'm beside her

Hold your breath underwater
And know you'll rise to the surface slowly
Think of me as a ship that might hold you
Carry you to the shore
When you're tired and lonely

She can't eat
She can't sleep
She's not well
She can't breathe
She's in bed
She's in hell

She can't eat
She can't sleep
She's not well
She can't breathe

She's in bed
She's in hell

But she'll never
Really be alone
As long as I'm beside her

She can't eat
She can't sleep
She's not well
She can't breathe
She's in bed
She's in hell

She can't eat
She can't sleep
She's not well
She can't breathe
She's in bed
She's in hell

But she'll never
Really be alone
As long as I'm beside her
