Somebody told me, I know where to go
Somebody showed me, I was last to know

Sell me down the river, sell me down the river
Sell me down the river, sell me down the river

What I wanted is what I wanted
What I wanted is what she wanted

Unfriendly feelings, down on wounded knees
Unfriendly reasons, some blind mothers need

Sell me down the river, sell me down the river
Sell me down the river, sell me down the river

What I wanted is what we wanted
What we wanted is what she wanted

You read the words and it sells you life
They sell their words but it's all a lie

Somebody told me, I know where to go
Somebody showed me and I was last to know

Sell me down the river, sell me down the river
Sell me down the river, sell me down the river

What I wanted is what I wanted
What we wanted is what we wanted

What I wanted is what I wanted
What we wanted, what she wanted
