Within storm filled skies  
That darken my dreamland  
My night eyes stare  
I witness the downtrodden  
In halls of sorrow the passionless mingle  
Clad in life's despair all around is dying  
Vast oceans of grief call my name  
Rivers of sorrow, chasms of hate  
Forbidden realms to conquest  
The quest eternal  
In darkening fields I run  
Through the fabled land of night's domain  
Kingdom of divine reverence dying  
It's putrid air caresses me  
And the lunar mountains darken...  
Onwards I tread through unworn paths of night  
The gnarled woods greet my eyes, an unreal  
dreamscape  
I embark on my quest to save my dreamland  
The final light of it's existence is fading  
The lunar mountains beckon me forward

The final truth is there for me to find

They speak to me in my dreams

Now my own reality.
