"Close To Heaven"

You can push and you're never gonna fall
You can take what ever have it all
You can be anything you want
To be with some one like me
(Some one like me, like me)

Show time ain't gonna be alone
Don't keep me hanging on the phone
We can do anything we wanna
To do with some one like you
(Someone like you, like you)

Much too close to heaven
A tough too close to leave
Something inside, feels alive
Much too close to heaven
But its close enough for me
Something inside, feels alive

Don't stop feelin' it
Won't stop needin' it
Can't stop, you know
I'm on the line

You can push and you're never gonna fall
You can take what ever have it all
You can be anything you want
To be with some one like me
(Some one like me, like me)

Show time ain't gonna be alone
Don't keep me hanging on the phone
We can do anything we wanna
To do with some one like you
(Someone like you, like you)

Much too close to heaven
A tough too close to leave
Something inside, feels alive
Much too close to heaven
But its close enough for me

Something inside, feels alive

Don't stop feelin' it
Won't stop needin' it
Can't stop, you know
I'm on the line
