Baby, let me be me
Those were the words you gave me
Never felt this way before
Your love tastes like ah-haa

And, baby, I don't care
Where you've been before
Just put 'em high
Put 'em high

Make the best of it
Just a little bit
Just put 'em high
And put 'em high

And, baby, I don't care
Where you've been before
Just put 'em high
Put 'em high

Make the best of it
Just a little bit
Just put 'em high
And put 'em high

Just put 'em high
And put 'em high
Put 'em high
And put 'em high

Just put 'em high
And put 'em high
Put 'em high
And put 'em high

Just put 'em high
And put 'em high
Put 'em high
And put 'em high

Just put 'em high

And put 'em high
Put 'em high
And put 'em high

Baby, let me be me
Those were the words you gave me
Never felt this way before
Your love tastes like ah-haa

And, baby, I don't care
Where you've been before
Just put 'em high
Put 'em high

Make the best of it
Just a little bit
Just put 'em high
And put 'em high

Baby, I don't care
Where you've been before
Just put 'em high
Put 'em high

Make the best of it
Just a little bit
Just put 'em high
And put 'em high

Just put 'em high
And put 'em high
Put 'em high
And put 'em high

Just put 'em high
And put 'em high
Put 'em high
And put 'em high

Just put 'em high
And put 'em high
Put 'em high
And put 'em high

Just put 'em high
And put 'em high
Put 'em high
And put 'em high

And, baby, I don't care
Where you've been before

Just put 'em high
Put 'em high

Make the best of it
Just a little bit
Just put 'em high
And put 'em high

Baby, I don't care
Where you've been before
Just put 'em high
Put 'em high

Make the best of it
Just a little bit
Just put 'em high
And put 'em high

Just put 'em high
And put 'em high
Put 'em high
And put 'em high

Just put 'em high
And put 'em high
Put 'em high
And put 'em high

Just put 'em high
And put 'em high
Put 'em high
And put 'em high

Just put 'em high
And put 'em high
Put 'em high
And put 'em high
