Day is breaking  
A plain is empty  
Only stones  
Silently stand  
They remember blood and glory  
They remember a victory  
They remember tears and moans  
They remember pain, pain  
Stonehenge, Stonehenge  
A mysterious temple under the heaven  
Is an old resident of Earth  
This stones worn-out by time still alive  
You're a crowning point  
Of human wisdom  
A frightful symbol  
Of prehistory priestes  
I touch your stones  
And feel your strength  
Gods protect you  
And give you an eternal life  
The temple of the sun  
Winds blow on you  
Rains wash you  
The sun worms you  
The fate keeps you  
A darkness of ages  
Cannot close your beauty  
What is your secret  
Tell me, Tell me  
Who are you ?  
Shadows of the remote past  
Revive on great ancient stones.
