Mister Rock and Roller, you're never gonna die
Out in the washroom, they busted tonight
The blue suited soldiers, with the coke sniffin' hounds
Come out of your nightmares and run you to the
ground
Run you to the ground, run you to the ground

How come you never, get wise to what you see
Yesterday's newspapers blankets in the street
Running from your demons, they're out to get your soul
To much human debris, on the sidewalks of world
Sidewalks of the world sidewalks of the world

Run for your life to keep on with the living
'Cause we've all been right and wrong
Holding your ground on your own
The word is out you're going down
And no one will ever know

Look out rock and roller you'll never want to die
They hide in the washroom and bust in tonight
The blue suited soldiers with the coke sniffin' hounds
Come out of your nightmares to run you to the ground
Run you to the ground run you to the ground

Run for your life to keep on with the living
'Cause we've all been right and wrong
Holding your ground on your own
The word is out you're going down
And no one will ever know

Run for your life to keep on with the living
'Cause we've all been right and wrong
Holding your ground on your own
The word is out you're going down
And no one will ever know
