The night passed.
sorrow drowned in my whiskey glass As I tried to
forget.
The dawn came.
The light barged in to awake my shame. with a newborn
regret.
I need a cigarette

Chorus
Take a shower
wash it all off
got to get myself together cos this just cannot happen
anymore

I gotta stop
i gotta clean up
I keep shooting my big mouth off
I cant let this happen anymore.

I'm toxic
knock a coffee back for a caffeine kick
cant open my eyes.
my hands twitch
Nicotine patch don't scratch the itch
but I'll make it this time
gotta make it this time

Chorus
Take a shower
wash it all off
got to get myself together cos this just cannot happen
anymore

I gotta stop
i gotta clean up
I keep shooting my big mouth off
I just cant let this happen anymore.

BRIDGE
I gotta find another way to escape
I keep putting my foot in my mouth like a 2 bit ape

I gotta find a better way to flick the switch

than running round town like a clown turned lunatic.

Chorus

Take a shower

wash it all off

got to get myself together cos this just cannot happen
anymore

I gotta stop

i gotta clean up

I keep shooting my big mouth off

I have been here many times before

And I have said this many times before
