Reaching out to touch the sky  
Swimming in the morning rain  
We've only just begun to live  
We've only just begun to see  
Jessica White wont you stay with me a while  
Jessica White wont you stay with me a while  
Jessica White wont you stay with me a while  
With me a while, Jessica smile with me a while  
Jessica White wanna meet me tonight  
You know I will  
Cause I need you  
Jessica White lets turn off the lights  
Jessica White I love you  
You know I love you too  
Jessica White wont you stay with me a while  
Jessica White wont you stay with me a while  
Jessica White wont you stay with me a while  
With me a while, Jessica smile with me a while  
Jessica smile with me a while  
Jessica smile with me a while
