Who is the leader, of the people

Who is the leader

Follow the leader

I swear I heard the man say something else

Who is the leader, of the people

Who is the leader

Follow the leader

Politicians taking my money

I'm getting kinda hungry and I sit here wondering

I need something to believe in

I hear another promise everyday

Who is the leader, of the people

Who is the leader, of the people

Who is the leader, of the people

Who is the leader, of the people

Who is the leader, of the people

Who is the leader, of the people

Who is the leader

Who is the leader

Who is the leader

Sick and tired of being down

Situation's turning me all around

Who is the leader, of the people

Who is the leader, of the people

Who is the leader, of the people

Who is the leader, of the people

Who is the leader, of the people
