Well now baby says she really loves to party
Just Get some friends together feelin' fine
Any any friend of mine isn't worth havin'
A belly full of baby's Bluebird Wine

And it's alright, I just hit my stride
Right off the bat, yes I'm drunk on Bluebird Wine
And it's alright, I just hit my stride
The party just started lord, and I'm drunk on Bluebird
Wine

Well baby told me some different ways of thinkin'
Just like how to spend my evenings here at home
Listenin' to that music on the radio
Drinkin' all the Bluebird that we can hold

Chorus:

And it's alright, I just hit my stride
Right off the bat, yes I'm drunk on Bluebird Wine
And it's alright, I just hit my stride
The party just started lord, and I'm drunk on Bluebird
Wine

Well baby told me some different ways of thinkin'
Just like how to spend my evenings here at home
Listenin' to that music on the radio
Drinkin' all the Bluebird that we can hold

Chorus:

And it's alright, I just hit my stride
Right off the bat, yes I'm drunk on Bluebird Wine
And it's alright, I just hit my stride
The party just started lord, and I'm drunk on Bluebird
Wine
