Never thought I needed anyone,  
Or anything to get me through  
Come to close and then I'd start to run,  
Just to stay one step ahead of you

I'd see others walking hand and hand,  
And say to myself "what a couple of fools"  
How could one woman just love one man?  
And not tear his heart in two.

Fools chase love around so desperately,  
Until they wind up all alone  
Shouldn't love come more naturally,  
Like a river cuts into a stone

You know I,  
I love you for loving me,  
It's a rare and precious thing.  
You can't run from love that's meant to be,  
Just let it shine on everything.

Oh It took a little while,  
But I found myself.  
Right where I did not need to be,  
Well I tried to put the blame on someone else  
When it all came crashing down on me.

That's why I,  
I love you for loving me,  
It's a rare and precious thing.  
You can't run from love that's mean to be.  
So let it shine on everything,  
Oh let it shine on everything, Yea.
