Well it's Friday,  
And we're gettin' tore up  
We're goin' down to the river  
In the back of Fred's truck  
'Member one time,  
You said it was alright  
To go get juiced  
Down by the riverbed tonight

Oh, it's late now  
And I gotta get you home  
Your momma don't like  
Me and you bein' alone  
I asked you a couple of times  
You said it was alright  
Rootin' 'round the riverbed tonight

Tell me that you love me  
If it's true  
I don't want no one, baby  
If I can't have you  
This Oklahoma Breakdown  
It sure do got you cryin'  
So let me tell you that I love you  
One more time

-Instrumental-

Well it's Friday  
And we're done gettin' tore up  
Leavin' the river  
In the back of Fred's truck  
I asked you a couple of times  
You said it was alright  
To go get juiced  
By the riverbed tonight

Tell me that you love me  
If it's true  
I don't want no one, girl  
If I can't have you

This Oklahoma Breakdown  
It sure do got you cryin'  
So let me tell you that I love you  
One more time

-Instrumental-

Well it's late now  
And I finally got you home  
Your daddy don't like  
Me and you bein' alone  
So wake up now  
Let's kiss you goodnight  
Yeah, the river can't wait  
For another night

Tell me that you love me  
'Fore it was true  
I don't want no one, baby  
If I can't have you  
This Oklahoma Breakdown  
I'm sure has got you cryin'  
So let me tell you that I love you  
One more time

Tell me that you love me  
If it's true  
I don't want no one, baby  
If I can't have you  
This Oklahoma Breakdown  
I know has got you cryin'  
So let me tell you that I love you  
One more time

Let me tell you that I love you  
One more time

Let me tell you that I love you  
One more time
