My baby she talks softly
by baby she found out
you catch more flies with honey
more with a whisper than a shout

my baby she don't scold me
no she don't like to fight
she knows a little secret
how to keep me home at night

She likes it sweet & easy
She likes the simple things
Sunsets & dewy mornings
An the way my guitar rings

we like to sing together
harmonies all night long
she don't need flash or fancy
she loves the one chord song

one chord song
all night long
it never does me wrong
one chord song
all night long

it never does me wrong

we like to sing together
harmonies all night long
she don't need flash or fancy
she loves the one chord song

my baby she don't scold me
no she don't like to fight
she knows that little secret
how to keep me home at night

one chord song
all night long
it never does me wrong

one chord song
all night long
it never does me wrong
