When that sun come up
You're gonna find me solid gone
When that sun come sup
You're gonna find me solid gone
When you wake up this morning
You're gonna know you've done me wrong

Yeah mistreat me momma
I can't take no more of you
You mistreat me momma
I can't take much more of you
Yeah that's the reason why I'm leaving
Godbye bad news

I got a nickle and a dime
I got holes in both my shoes
I got a nickle and a dime
I got holes in both my shoes
But I ain't bein' mistreated
Like I was when I was with you

Come tomorrow morning
you're gonna find me solid gone
yeah, when that sun come up
You're gonna find me solid gone

When you wake up this morning
You're gonna know you've done me wrong

Yeah, when you wake up this morning
You're gonna know you've done me wrong

Oh, yeah
