This weed
Shifts into my senses
Tears apart my tendons
Becomes my dependence
Tell me is this my strain

Slice cut chop chop click squeeze pop pop quick to
knock you out with quarters in a sock and i pop and
lock in the club looking like a scrub hands covered in
blood like hey wut up 'cause i don't give a fuck im from
dallas tex and any motherfucker that's about to flex
imma cast a hex my name is SX and i spread disease
through unprotected sex

Act like you know me X3
Bitch you don't know me
You don't know shit about the stik
You don't know shit about the stik bitch
You don't know shit about the stik
And fuck you fag if you don't get lit

Fuck me
Fuck you
Fuck me
Fuck everything
