

Stopping At A Green Light "Waiting For The Day"

Visit "[Waiting For The Day](#)" on MotoLyrics.com

i'm sick of listening
to your favorite songs
over and over again in my head
and i'm so tired
of watching all your favorite shows
alone awake in my bed

i'm stuck inside your memories
please let me out
come and save me
i can't live much longer
drained of all passion
such an ugly fashion it is
my life without you...

my visions been hazy
since you've been gone
my heart went crazy
when you said so long
i'm still waiting
for the day you say
you made a mistake....
but i know the day won't come

i'm stuck inside your memories
please let me out
come and save me
i can't live much longer
drained of all passion
such an ugly fashion it is
my life without you...

drained of all passion
(still waiting for the day)
such an ugly fashion it is
(that i know will never come)
my life is without you...
(please say the day will come)

i'm still waiting for the day...
you say...

i miss you...

(but i know the day won't come)
