### "Favorite War Time Hero"

Visit "[Favorite War Time Hero](#)" on MotoLyrics.com

hold on to anything  
that you believe in, tonight  
we need all the help that we can get  
and i see it in your eyes  
you havent given up just yet

stop the crying  
i hate to see you like this  
but i dont think any less of my favorite war time hero  
youre my favorite war time hero.

i dont forget anything you say  
you always gave the best advice  
and i agree  
i think im just glad nothing got any worse, today

stop the crying, i hate to see you like this  
but i dont think any less of my favorite war time hero  
and youre my favorite war time hero

hold on to anything that you beileve in, tonight  
we need all the help that we can get  
and i see it in your eyes,  
you havent given up just yet

stop the crying, i hate to see you like this  
but i dont think any less of my favorite war time hero  
youre my favorite war time hero.

so before you go  
i think that you should know  
just how i feel about you  
cause you never know  
and thats what this shows  
and i think that youre  
my favorite war time hero.
