Hello, don't tell me, the world revolves around you

Although, you might be right, I don't deserve you

Go on, be free, it sounds wonderful to me

I'm not the one who's holding you down.

Shut up, it's easy, just go finish what you started

It's getting late, go fornicate yourself and be dearly
departed

Not yours, no more, don't let the door hit you

Come on what's stopping you? Talk a look up and I'll
show you how just

Go on, and go on my friend and be free

I'm not what's holding you down

So please don't fuck with me

Go on, and go on my brilliant blonde,

Stick it to the world, and I'll see you around.

I'm not into reconciling,

Not into phoney smiling,

Never been one to pretend,

People I hate are my friends...

OK, please go away

La-la-la-la-la-la

Just go on, and go on my friend be free

I'm not what's holding you down

So please don't fuck with me

Just go on, go on my brilliant blonde,

Stick it to the world, and I'll see you around,

And stick it to the world, and I'll see you around,

Stick it to the world, and I'll see you around,

Stick it to the world, and I'll see you around,

Stick it to the world, and I'll see you around,

Stick it to the world, and I'll see you around,

Stick it to the world, and baby-baby-baby I'll see you
around yeah.
