Evil powers penetrate the navel-string  
Feeds his heart with deadly charm  
His black blood gives proof of the true king  
Your empire raise on unavenged harm

Lucifer take hold on me  
I'm your servant straight from hell - mans' spell  
Under cover of the night  
I'm preparing your death flight - tonight

Lord of darkness soon comes the hour to drop your  
mask  
Lord of darkness give me the power for my task - drop  
your mask

Eerie shadows creep out of the slit of time  
See crows gather in dusky sky  
The lurid silence is his baneful sign  
Ominous rings Cassandra's cry

Lucifer take hold on me  
I'm your servant straight from hell - mans' spell  
Under cover of the night  
I'm preparing your death flight - tonight

Lord of darkness soon comes the hour to drop your  
mask  
Lord of darkness give me the power for my task - drop  
your mask

Your dark cloak covers the whole wide world  
While you all are collecting souls  
And all the belfries are ringing in vain  
None can find the light to escape the pain

Lucifer take hold on me  
I got an angel's sympathy - agree?

Lord of darkness soon comes the hour to drop your  
mask  
Lord of darkness give me the power for my task - drop

your mask
