You hide away at the world's edge  
Your sight's as ugly as a deadly snatch  
Who can stand the chill in your eyes  
I see frost works rank round your soul  
Eternal winter storms will keep you cold

Your hairs are vipers which let tongues dart  
Spitting out poison from your evil heart  
I'm falling in love with the beast  
The loathing has to decrease  
The hero's blade ain't bring us release

When she dies a magic horse will fly  
Out a medusa's head  
Don't believe these chilly eyes will die  
In medusa's head

You're a challenge for the poor wretch  
For all who got lost at the cruel world's edge  
You look with that chill in your eyes  
But could not see your destiny  
Out of nowhere the blade kills you foully

When she dies a magic horse will fly  
Out a medusa's head  
Don't believe these chilly eyes will die  
In medusa's head

Who can stand the chill in your eyes  
The power of hate never dies  
At her sight everyone will paralyse

Never take a look into the eyes  
Out a medusa's head  
Don't believe these chilly eyes will die  
In medusa's head

When she dies a magic horse will fly  
Out a medusa's head  
Don't believe these chilly eyes will die  
In medusa's head
