We set our seal to the clank of steel  
We're a heavy metal band  
The fires scintillate  
Conjuring up the fate  
We feel it burning in our chest

Welded in the forge of hell  
Supplied with a magic spell don't tell  
Elemental force bursts out  
Hear the gale shout

We are StormHammer  
And we're striking like a bold from the blue  
We are StormHammer  
Feel the flash leaping over to you

Can't you feel our hearts are true as steel  
Forged in the melting chambers' flame  
We are ultra mundane  
Kings of the metal fane  
Don't you play the devil with me

Never mind the centuries  
Guarding timeless treasures  
Suddenly we can take shape  
Bouncing out a the cloud cape

We are StormHammer  
And we live for a heavy metal rave  
We are StormHammer  
I think we all ride on the same wave

We are StormHammer  
When we get cracking your pussies get so wet  
We are StormHammer  
If you can't join us baby drop dead

We are StormHammer  
And we're striking like a bold from the blue  
We are StormHammer  
Feel the flash leaping over to you

We are StormHammer  
And we live for a heavy metal rave  
We are StormHammer  
I think we all ride on the same wave
