Across the sea they live, plotting against us all

A constant shade laid over our empire

A rusty nail into the eternal city's crown

Now is time to wield the deadly iron and to sail on

A thousand ships, the roman pride,

By Scipio's hand they're led to war

[Chorus:]

Rise, rise, let carthago pays

Sail, sail, across the sea

Rise, rise, let carthago fall

Fight, fight, 'till the end

The cato's worlds burn in the heart of every man

The salt must be spread on the ruins, nothing will remain

Oh mighty lord of shadows, hades, we're calling you

Come witness our triumph

Carthago delenda est

Neither gods must dare Roma,

On your knees or die

And once again the eagle hammered on these wasted lands,

Will show the power of roman soldier's steel

[Chorus:]

Rise, rise, let carthago pays

Sail, sail, through the sea

Rise, rise, let carthago fall

Fight, fight, 'till the end
