Before the dawn closes in  
Before the Sun begins to rise again  
Without fear it's all so clear  
Pieces of a broken Heart  
Ended where it should start!

[Chorus:]

Golden Tears! Of a broken Dream  
Was it all meant to be?

No more Tears! I still can see  
And my Spirit sets me Free!

Raindrops are falling gentle in Paris  
Why couldn't things be easy & fair  
I even thought I saw through your lies  
Living without taking care!  
Hiding all my deep despair!
