On the top of a hill  
Where an icy wind's blowing  
There is a hole in the ground  
In the deep shadows  
Between moss-grown deep rocks  
A demon is creeping around

A long time ago  
A handful of brave men  
Arrested the beast in this cave  
They blessed the prison  
With clear holy water  
From this time on the Earth was safe

'till now, the beast hasn't died  
I know that hell's still alive  
'till now, he lurks in the night  
I know that hell's still alive

Since five hundred years  
He's waiting impatient  
For someone to open his cage  
The demon is roaring  
Greedy for vengeance  
His black soul is foaming with rage

'till now, the beast hasn't died  
I know that hell's still alive  
'till now, he lurks in the night  
I know that hell's still alive

You hear a whispering voice  
It confuses your brain  
You're in a fever  
The words nearly drive you insane  
You're forced to climb onto the hill  
Of man's destiny  
You're forced to desecrate the place  
To set him free

'till now...
