### "The Man Behind The Iron Mask"

In 1698 a man with a different fate  
Was imprisoned in the Bastille  
The prisoner was forced to wear  
(guarded by two Musketeers!)  
A solid Iron Mask!

He could never be released!  
He remained a Mystery!

[Chorus:]  
Who will find the man behind  
The Iron mask? Respected by the guards!  
A son of the King that no one 'd seen!?  
Dressed in lace without a face!

Even at the Royal court  
No one knew & no one saw  
The twin of the sun King!  
The governor of Saint-Marguerite  
Kept the secret in his sleer  
He even called him " My Prince "!

The King never let him Free!  
He remained a Mystery!
