Countdown

Yeah, this clock is counting down to a final resignation
Another crowning curtain call
A global melt down leaves a trail of devastation
It carves the writing on the wall

Oh, you know we've never seen this kind of world
It's a warning to us all
No, we've never seen this kind of world
And I hope that we can stop this cannonball
Stop this cannonball

Yeah, we play the lead role with a lack of education
And pay a price we'll never know
Our future's been sold by profit margin generation
We're all invited to the show

Oh, you know we've never seen this kind of world
It's a warning to us all
No, we've never seen this kind of world
It's a warning to us all

Oh, we've never seen this kind of world
And I hope that we can stop this cannonball
Stop this cannonball

'Cause when it all comes crashing down down from
above
There will be no salvation
Is there anything that can save us from ourselves

Oh, we've never seen this kind of world
It's a warning to us all
No, we've never seen this kind of world
It's a warning to us all

Oh, we've never seen this, we've never seen this kind
of world
Oh, we've never seen this, we've never seen this
And I hope that we can stop this cannonball
Stop this cannonball, oh
