Yeah, Yeah
Walking example of you
Wait for the silence
Talking backwards to you
It meant nothing to me
Watching the world fall on you
I'm keeping my eyes closed
Now I can see what this means to you
It meant nothing to me

[Chorus]
This wasted so many nights and again
I've wasted so much time on a friend
Too young, too proud to understand
So this is the end

Perfect timing for you
You'll run 'til your legs break
So here's my reminder of you
It meant nothing to me

[Chorus]
This wasted so many nights and again
I've wasted so much time on a friend
Too young, too proud to understand
So this is the end...GO!

We should've seen this coming
We should've seen this...
Yeah! Yeah!

[Chorus x2]
This wasted so many nights and again
I've wasted so much time on a friend
Too young, too proud to understand
So this is the end

Yeah! This is the end!
