Your face was never missed  
Your cleverness and cunning words did not exist  
Bitter bleak, you're fuckin' weak  
You know you don't deserve a thing

You fight for pride to save your name  
To heal the scars you waste to shame  
Take the blame, take the blame, save it now so this can  
end  
'Cause there's nothing left to prove to you

You've become the enemy, let it go  
Whoa, whoa  
But you'll never take the blame, so let it go  
Whoa, whoa

I'll tear it down, arrogant, sick of it  
Flatter everyone you can  
I'm pulling teeth 'cause talk is cheap  
Your lie regrets are elbow deep

So now it's time to chase the dream  
With hand grenades and gasoline  
Burn it down, burn it down, every gracious words you  
speak  
'Cause now I see right through, so fuck you

You've become the enemy, let it go  
Whoa, whoa  
But you'll never take the blame, so let it go  
Whoa, whoa

The time has come, you know  
To just let go, just let it all go  
And it's not enough  
That you're handed everything

Still you smile to my face  
But this time I'll tear it down  
I'll tear it down and I'll tear it down  
'Cause there's nothing left to prove to you

You've become the enemy, let it go  
Whoa, whoa  
But you'll never take the blame, so let it go  
Whoa, whoa, whoa  
You are your own worst enemy we know  
Whoa, whoa, whoa
