Oh!

They locked the door
Give me the strength to break it down
Yeah we've always faced this world as one
And I know there's nothing different now
Because this heart is true
It's true, it's true!

So tell me
Tell me that I'm not all alone
And everything's alright
So tell me
Tell me that I'm not all alone
And everything's alright now

Tonight we'll tear this city down
Yeah we're gonna drive all night
Reach the sun (I'll pray that time won't end)
I'll pray that time will never end
Race the clock again with you
With you!

So tell me
Tell me that I'm not all alone
And everything's alright
So tell me
Tell me that I'm not all alone
And everything's all right
Everything's alright now!

Yeah!

We are the fallen
We are the light inside of the fire below
We are the broken
We are the rising tide and the undertow
Yeah!
One love

So tell me
Tell me that I'm not all alone

And everything's alright!
So tell me
Tell me that I'm not all alone
And everything's alright
So tell me
Tell me that I'm not all alone
And everything's alright
So tell me
Tell me that I'm not all alone
And everything's alright
Everything's alright now!

Hoowuh, go!

It's alright now!
