Oh, they locked the door
Give me the strength to break it down
Yeah, we've always faced this world as one
And I know there's nothing different now
Because this heart is true, it's true, it's true

So tell me, tell me that I'm not all alone
And everything's alright
So tell me, tell me that I'm not all alone
And everything's alright now

Tonight we'll tear this city down
(Tear this city down)
Yeah, we're gonna drive all night, reach the sun
(I'll pray that time won't end)
I'll pray that time will never end
Race the clock again with you, with you

So tell me, tell me that I'm not all alone
And everything's alright
So tell me, tell me that I'm not all alone
And everything's alright, everything's alright now, yeah

(We are the fallen, we are the broken)
We are the fallen
We are the light inside of the fire below
We are the broken
We are the rising tide and the undertow
Yeah, one love

So tell me, tell me that I'm not all alone
And everything's alright
So tell me, tell me that I'm not all alone
And everything's alright

So tell me, tell me that I'm not all alone
And everything's alright
So tell me, tell me that I'm not all alone
And everything's alright, everything's alright now

Go, it's alright now
