Here in this town, safe and guarded  
We call it home, a feeling that we share  
Now leave this place, clinging to hope  
In this midnight prayer  
If we hold our breath, float beyond this  
We'll be reborn, I will carry us home

Are you still alive? Are you scared inside?  
Providence is blind when you're terrified  
Are you still alive? Are you scared inside?  
When we've reached the end of the road  
I will carry us home

Oh no, if all our sin was only a hope  
And meaningless and true  
Now will I expire holding the world  
In safety for you  
If we make it through and I can save you  
With this heart I know, I will carry us home

Are you still alive? Are you scared inside?  
Providence is blind when you're terrified  
Are you still alive? Are you scared inside?  
When we've reached the end of the road  
(Reached the end of the road)  
I will carry us home

And now I'm so far away from you  
Will I be making any difference  
After leaving you all alone?  
And now I'm so far away from home

Can I justify my actions  
After leaving you here in this town?  
Safe and guarded, we call it home  
A feeling that we shared

Are you still alive? Are you scared inside?  
Providence is blind when you're terrified  
Are you still alive? If you're scared inside  
(I will carry you home)  
I will carry us home

Are you still alive? Are you scared inside?  
Providence is blind when you're terrified  
Are you still alive? Are you scared inside?  
When we've reached the end of the road  
(Reached the end of the road)

When we've reached the end of the road  
(Reached the end of the road)  
I will carry us home, carry us home
