blood still pours down onto the page  
pride falls rattle we betrayed  
drowning in a flood of inequality  
false sell the true meaning of love  
chests swell warning from above  
is this the kind of balance we've been dreaming of  
and now we've had enough  
yeah

cause so far there's no such thing  
that is true equality  
until a new design comes to set us free  
we all we all we'll

bleed  
our voice  
silence writes this song  
her choice gone and in control  
hoping that someday she'll learn to play her role  
no control  
no control

write to speak i will be the next one to go  
just watch it as i fold  
yeah

cause so far there's no such thing  
that is true equality  
until a new design comes to set us free  
we all will bleed

ignorance a new disease  
prideful insecurities  
fighting to believe  
so disregard the suffering  
just let the sounds of freedom ring  
through this air we breathe

all wars are created equal  
all wars are created equal

yeah we will find the answer now with one more train of

hope  
yeah!  
yeah!

cause so far there's no such thing  
that is true equality  
until a new design comes to set us free  
we all, we all, all will bleed  
we'll bleed
