Yeah, here I am again
My head in my hands
Like a dying soul
I'm a broken man
Please just understand

What I have become
The divided one
With the fail safe plan
To be whole again

Please don't bring me your unsung friend

Cause I never wanted this to end
I never wanted this to end

Yeah, would it all remain
Would it be the same
If this fading star
Was without a name
Please don't be afraid

Cause the blade is cold
And it takes it's hold
Of the wrist again
Don't want with dead

Please just take me your unsung friend

I never wanted this to end
(I never wanted this)

I never wanted this to end
Cause I never wanted this to end
(I never wanted this)
I never wanted this to end

But the rain is pouring down again
And I can't pretend
I am strong enough to hold it in
When it all comes crashing down again
I can't pretend that life will begin

That life will begin

I never wanted this to end
I never wanted this to end
I never wanted this to end
I never wanted this to end
I never wanted this to end
I never wanted this
I never wanted this to end
Cause I never wanted this to end
I never wanted this
I never wanted this to end
I never wanted this to end
I never wanted this
I never wanted this to end
Cause I never wanted this to end
I never wanted this
I never wanted this to end
