Pushing the law again
Pushing the law again
Pushing the law again
Pushing the law again

Justice with a sword
Our smiling knight on board

Pushing the law again

Opening his heart to everyone
And loving without a doubt
Embracing friends and
Embarrassing foes,
And those who are unjust.
A man true to his heart
without fear or misgivings
With "insecurity" tattooed across his body
The first to accept, the last to dissappoint
He understood all and expected nothing

Now you are free
Free to roam in the skies
Now and then visit me
With your starlit eyes

NOW!
Pushing the law again
Pushing the law again

Justice with a sword
Our smiling knight on board

You took all our hearts
With your smile,
And left a legacy untold
You conquered life and fear,
So you see there was no room for you to grow old

Now you are free
Free to roam in the skies

Now and then visit me
With your starlit eyes

Now you are free
Free to roam in the skies
Now and then visit me
With your starlit eyes

Pushing the law again
Pushing the law again
