

Strange Occurrence

"Dark Matter"

In my emotion, I drag myself through so much pain
Just like the ocean, all too often I am swayed
Your compassion saves me from the deadly fray
My foolish reaction sends me down the same way

I can't see You, but I can feel You
They can't take You from me
They can never harm me

This is dark matter

In Your gravitation I was captured by Your lure
Without hesitation I would finally find my cure
In a single moment, I would know the truth for sure
In my rotation by Your blood I've been made pure

They can never harm me, Your gravity draws me
Into Your arms where I am secure
Your light it leads me
To a place where I am safe
