

Strange Occurrence

"Reach"

Can you feel it

Coming down over your body?

Whisper the promise
Let the joy so holy (sight and dreams)

One million crash tries

Spread your wings but you can't fly

No one cares 'cause they all sit back and stare

The whole world applauds you

Who will look into time when history cries?

I'm reaching higher, Heaven's gates are open wide
Touch the sky
It may take some time to forgive my mind, so tell me

When in this life?

Hear the voice call?

You take a step and then you take a fall

Water valleys guard the righteous on dry ground

Following their white cloud

So ride the boat up
I'm a worldwide flash flood

My disbelief only causes me pain and grief

This was my last shot
My very last try

We run so far just to catch each other

You reach so far, we've got to run away
Do you believe?
