[Verse 1]

I get all my bad habits watchin' you
It's true
Well, I wish that things were so different
Change it myself
It's what i'll do

[Chorus]

But, I can't figure it out, yet
Just how to make it perfect for you
But, I'm closer than I was
Yesterday

Yeah, I'm closer than I was yesterday

[Verse 2]

They say that life is for learning
Well, teach to me to live
While I'm here
Messages twisted and turning
What should I give
Make it clear

[Chorus]

'Cause I can't figure it out, yeah
I can't figure it out, yet
Just how to make it perfect for you
But, I'm closer than I was
Yesterday

Yeah, I'm closer than I was yesterday

[Verse 3]

Don't you know there's no difference
I'm not the same
I'm only here
To be with you
And now I'm closing the distance
Dropping the claim
Trading the past for something new
Something new

Why would you work without living

Spending your soul
What's it worth?
Well, I hope you make it to heaven
Waiting for life
Here on earth

[Chorus]

'Cause I can't figure it out, yet
I can't figure it out, yet
No, I can't figure it out, yet
Just how to make it perfect for you
But, I'm closer than I was
Closer than I was
Yeah, I'm closer than I was
Yesterday
Yeah, I'm closer than I was
Yesterday
