Highway rain out my window
Sea of grain how the wind blows
Across my face and through my body
Oh that breeze I think it knows me
I'm alive, hear me laughing
Let that rain fall cold and splashing
To be loved is to be happy
I think I'm ready for that now
I've been away too long
I've got to change it all somehow
I want to hear a new song
Chorus
What about real love
Tell me how you really know
Ever since I was a kid everything I did love seemed to
let it go
So how about real love maybe we already know
Oh is it the highway rain is it anything baby
The windy race or the the way I feel maybe
The dream of love of the real thing waiting here for me
yeah
Highway rain can help me make it
She don't know how to say it
The sun goes down, it bound to happen
I know now that love's worth having
Hold my hand from a distance
Call my name and I'll be listening
To be loved is to be happy
I've been away too long
I've got to change it all somehow
I want to hear a new song
Chorus
What about real love
Sing it in the Highway Rain
