I love living on a day like this
Lingering on a sunlit kiss
I've got to wonder
What in the world I've missed
I want to love like a man on fire
Don't put me out
Let the flame keep flying
I might dreaming
But this is a dream I like
I see life in a shifting light
Change my mind if it don't look right
Rationality can't really count on me
When we're awake in playful mood
We rearrange what I thought I knew
I might be dreaming
But this is a perfect dream
Chorus:
Oh all that we have said and done
Can change
Like patterns on the dusty ground
In rain
Look all around at what we've found
In grace
I'm telling you
I love to live this way
I love laughing and loving you
Sweet exhaustion when we are through
Oh but that's just it, we are never through
See the late evening sun lay down
Amber rays lean across this town
Soft and warm and leaving us well and safe
Chorus
When you laugh with me
It's like we're waking up today
You know I really love to live this way
Oh I really love to live this way
I love living on a day like this
Lingering on a sunlit kiss
I might be dreaming
But this is a dream I like
This is a dream I like
