Well Iâ€™m not alone, I have you
We have a lot to discover
Weâ€™re on our own, wishes made true
Seeing it all with my lover
Yeah, I could promise the world
But it, will be, what we make of it
Yeah, weâ€™ll turn our sand into pearls
Give back, more than, we take from it

Woman, I have no story to ease my mind
I have no maps showing me where to find
I leave my fortune for time to tell
In a wishing well, I play my gold
In a wishing well, I lay my soul

With a house on a hill and a mountain view
A field cut by a river
Well I go for walks, as she sleeps
I grow the flowers to give her
Yeah, weâ€™ll have all that we need
To live with love and happiness
Yeah weâ€™ll trade our silver for seed
Come what may happen after this

Woman, I have no story to ease my mind
I have no maps showing me where to find
I leave my fortune for time to tell
In a wishing well, I play my gold
In a wishing well, I lay my soul

In a wishing well, I play my gold
In a wishing well, I lay my soul
Down this deep well Iâ€™m calling
Could you tell me how this tale unfolds
Well, Iâ€™m echoing and my future is falling,
And the mysteries remain untold, remain untold

Well Iâ€™m not alone, I have you
We have a lot to discover

I have no story to ease my mind
I have no maps showing me where to find

I leave my fortune for time to tell
In a wishing well, I play my gold
In a wishing well, I lay my soul

In a wishing well
In a wishing well
I lay my soul
